

Workshop on Energy Conservation

JHS as a part of 'Vidyuth Jagruthi Yojane' (A TERI-BESCOM-Initiative), is actively participating in knowledge workshop, teachers' workshop, Intra School Competition & energy club activities.

During the workshop students have been sensitized on efficient use of energy, using of various renewable energy forms, importance of conserving energy & their role for energy conservation in their respective school & household.

To encourage the students, parents & teachers in implementing these practices, a workshop on energy conservation is been conducted on **31 July 2015** for teachers & Parents.
