

JAIN HERITAGE SCHOOL

JAIN Heritage School Receives Approval to Launch NCC Unit

JAIN Heritage School is proud to announce a significant milestone in its journey of nurturing future leaders and responsible citizens. The school has officially received approval to establish its first-ever **National Cadet Corps (NCC) Unit** on campus, providing students with a valuable platform for leadership, discipline, and character development.

The NCC is one of India's premier youth organisations, dedicated to developing qualities of leadership, courage, teamwork, self-reliance, and national pride among young people. The introduction of an NCC unit at JHS aligns with the school's vision of providing holistic education that extends beyond academics and equips students with essential life skills.

Through NCC training, students will gain exposure to a wide range of activities, including drill training, adventure camps, social service initiatives, community outreach programmes, environmental awareness campaigns, and leadership development activities. Cadets will also have opportunities to participate in state and national-level camps, interact with peers from across the country, and develop a deeper understanding of national integration and civic responsibility.

This programme will encourage students to embrace values such as discipline, dedication, integrity, and service before self. It will also provide them with opportunities to enhance their physical fitness, build confidence, improve communication skills, and develop the resilience needed to excel in an ever-changing world.

With the establishment of the NCC unit, JAIN Heritage School affirms its commitment to creating well-rounded individuals who are academically competent, socially responsible, and prepared to contribute meaningfully to society and the nation.

We look forward to welcoming our first batch of NCC cadets and witnessing their journey of growth, leadership, and service.

Adding to this proud achievement, **16 boys from JAIN Heritage School have already been selected to participate in NCC activities and the prestigious Pre-Subroto Cup Football Championship** which will be held on **24/06/2026 (Wednesday)** at **PCTC Banaswadi, Bangalore**, marking an excellent beginning for the school's NCC journey. The school is now extending this opportunity to **girls of Grade 8 and 9** to become a part of this esteemed organisation and benefit from the unique experiences and growth opportunities it offers.

The following students have been selected to represent JAIN Heritage School Football Team in selection matches for **Pre Subroto Cup Football 2026-27**.

Sl. No	Student Name	Grade
1	Hriaan Vachha	8E
2	S B Suprathik Reddy	8C
